BUILDING UP AN ORGANIZATION.

A HEART TO HEART TALK WITH THE SECRETARY.

Every once in a while we read in the papers, especially, in trade papers, that the directors of so-and-so company or corporation held a special meeting, discussing their organization and deciding a construction, reconstruction or expansion program. We will find when such decisions are made they are usually planned to be extended over a longer period of time. This period may be months, sometimes years, according to the extent of the program, the corporation or the financial importance of the plans. However, at no time do we find that directors of a large business concern do expect that quick changes or drastic measures will bring the success aspired for. Let us take, for instance, reconstruction programs of national or international importance such as the period after the Civil War or the period after the last World War. These periods stretched over many years and only step by step could such a reconstruction program accomplish the goal set by those who formulated the same.

One of the great drawbacks, I dare say cancers on the body of E. A. N. A., have been the over-sized programs mapped out at the various Congresses of which to my knowledge none of them were ever planned to last for more than one year. The tremendous task which we have before us: the spreading and adoption of Esperanto throughout this North American Continent is not and cannot be the task of a one year's administration. We may pass wonderful resolutions at the Congresses wishing that the coming year will bring the acceptance of Nia Kara Lingvo, that all the teachers will take it up, that the colleges will enter it into their curriculum, that all travellers and business

people will at once see the great benefit of Esperanto, etc., etc. We leave the Congress self-satisfied, glorying ourselves that we have done something by adopting resolutions, where in fact, we did nothing else but pleased ourselves with nice words and then wished for a miracle to happen.

Such miracles only happen in dreams. Why day-dream, that by a sudden jump we shall reach at once the high goal which we know requires long and ardent work. It is absolutely necessary that we wake up from these dreams and rub our eyes and then settle down to real work on a construction program, planned to be carried out over a long period and thus reach this high goal, going upward, step by step.

During the last Congress a Committee was appointed which is to suggest ways and means for the furtherance of our cause in North America. This Committee consisting of Samideano James F. Morton, Dr. De Vilbis and myself wishes to have suggestions from members, no matter how small or insignificant they might appear. Send them in to the secretary for further consideration. We shall discuss and consider them and out of these suggestions we shall try to formulate a working program on a practical basis and stretched over a longer period.

We propose to submit to the next Congress, a **five years program** of intensive propanganda, for the forming of new clubs and the strengthening of those already established and a publication program to remedy the present difficulties in obtaining propaganda, instruction and general reading books throughout the United States and Canada.

A program of such a five years' period would not only be binding for one administration, but for all administrations during that period and it would naturally have an influence on the election of officers, who would be expected to adhere to this program.

Such a five year's program, planned and laid out step by step should not fail to bring some tangible results. We have already tried to prepare a small nucleus for this great work. Aside from the local clubs of E. A. N. A., who are the pillars of our National Ass'n., we have the beginning of an advance guard: our **Minute Men**. Although this advance guard is still small at present, we are confident that other enthusiastic samideanoj will join us in our honest efforts, so that this Committee of faithful co-workers will eventually form the shock troops for the great army of Esperantists, whom we hope we shall be able to form on this continent.

Advance guard and shock troops!

Why do I use military terms?

Not because I once was a soldier; not because I believe in war, but, because I am a fighter. A fighter for a good cause. There are

destructive fights and there are constructive fights and our fight is a constructive one. It is the fight for the destruction of national intolerance, the fight for the elimination of international misunderstanding; the fight to clear the ground for a better and brighter future for humanity, based on the neutral foundation of a common language.

It is to be hoped that this project of a five years' working program and this appeal to have us join in this gigantic undertaking will find the echo among our members and readers which it deserves.

There is no time better than to-day to let us have your suggestions, your co-operation.

There is no year better than 1930 to have all forces join with us to start on this construction program for the good of Esperanto in North America.

Let's go!

UNUA PAROLANTA FILMO EN ESPERANTO.

La Paramount Famous Lasky Corporation kiu enregistris la unuan parolanton filmon en Esperanto dum nia Nacia Kongreso en Nov-York, dum Jolio, invitis ĉiujn Gesamideanojn ĉeesti la prezentadon, en aparta ĉambrego, de tiu filmo lastan semajnon. Estis proksimume 30 ĉeestantoj:

La filmo konsistas el triminuta dialogo kaj saluto al la tutmonda Esperantistaro.

Gia titolo estas jena en grandaj literoj:

"First Talkie in Esperanto." Poste venas: "New York: — Mr. Henry W. Hetzel, President of the Esperanto Ass'n. of North America of Philadelphia and Mrs. Charles Chomette from Belgium."

Tiam la amatoraj geaktoroj eniras kaj ekparolas.

S-ro Hetzel remarkante la verdan stelon kiun S-rino Chomette surportas, alparolas ŝin kaj mallonga dialogo sekvas.

En tute, oni povas ĝin konsideri kiel bone subcesinta kaj menciinde estas ke la Esperanta lingvo estas tiom

klara kaj komprenebla ke neniuj fremdlandaj Esperantistoj havos malfacilaĵojn por ĝin kompreni.

Tiu ĉi filmo estos dissendata tiun ĉi semajnon al pli ol 16 diversaj landoj inter kiuj: Aŭstralujo, Japanujo, Aŭstrujo, Francujo, Germanujo, Norvegujo, Svedujo, Danujo, Polujo kaj Ĉeko-Slovakujo. Ĝi ankaŭ aperos en kelkaj lokoj en Usono en "News-Reels"

La ĉeestantaj geesperantistoj multe ĝuis la aŭskultadon de nia kara Esperanta filmo kaj tiu filmo, kiu estas la rekta kaj praktika rezulto de la lasta Nacia Kongreso en Nov-York; premesas grandaŭ sukceson en proksima estonteco.

Tiu ĉi estos tre certe granda konatigilo de nia Kara Lingvo tra la tuta mondo, konsiderante la amason de popoloj de ĉiuj nacioj kiuj aŭdos Esperanton uzata en Kinejo.

Ni esperu ke tiu unua paŝo estos tre fruktodona en tiu nova direkto.

Alilandaj gazetoj estas petataj represi tiun ĉi novaĵon!

"Friday the thirteenth" of December was not an unlucky night for those Esperantists and their friends who gathered in Green's Hotel (how appropriate a name for a *sanid* EANA meeting-place!) to do honor to the creator of the International Language. In spite of the somewhat bad weather outside, "Fratamurbo" never had a better Zamenhof celebration. The following program, in about equal parts of English and Esperanto, was followed:

- “La Zamenhofa Espero”, Mr. Sam’l Paubionsky.
 “La Mustarda Plastro”, (recitation) Miss M. A. Maish.
 “Some Esperanto Experiences”, Mr. Edw. W. Pharo, Jr.

Los Angeles, Cal.

La Esperanto Klubo de Los Angeles havis la grandan honoron havi tri eminentajn vizitantojn ĉe sia Zamenhofa festeno en Decembro 1929. S-ro P. P. Christensen, la fama globtrotulo, ĵus reveninte de Suda Europo kaj Hindujo, paroladis pri sia voĵago. S-ro D. E. Parrish, la nelaciĝanta sukcesplena organizanto de nia movado en Usono kaj antaŭa parolisto en Eŭropo por la Komerca Ĉambro de Los Angeles, rakontis pri Zamenhof kaj sia frua Esperanto vivo en Usono. Lia ĉarma edzino kaj kvieta sed energia helpanto en Esperantujo ankaŭ paroladis. S-ro Scherer, la prezidanto oratoris elegante pri nia majstro kaj poste li montris lumbildojn. Solokantoj de S-ro Geysel kaj Stewart, kaj komuna kantado beligis la vesperon. Ĉeestis kvardek personoj.

Following the custom of many years, the Christmas Carolers, this time about thirty in number, made their rounds of the town, including in their repertoire "Sonodas Kant' Ĝojega", a Christmas hymn in Esperanto. On the following Sunday evening the same group sang these hymns over the radio from W.L.L.M. in Wilmington. The newspapers of the city gave good space to the event under such headings as, "Ardenites Sing Carol in Esperanto."

George P. Moorehouse was elected president of the Esperanto club for the fourth consecutive time at the annual election at the home of Bert Lempeneau, 1112 West 8th Ave., last night. Mrs. L. A. Hall was chosen vice-president; Mrs. Lydia R. Hardy, secretary, and Miss Clarice Zirkle corresponding secretary. The nominations were presented by Miss Dorothy Trott and George Emery. A program of music and short talks preceded the election. It was voted to hold meetings the first Tuesday of each month.

"The Topeka Daily Capital" reported this meeting.

Dr. Clark explained the difficulty of studying certain languages like Russian and Chinese and then finished, stating that it would be much better to use an auxiliary language to speak to the whole world. Such an auxiliary language, he stated, we have already in Esperanto. He then finished his New Year greeting with an address to the whole world in Esperanto.

We consider this a most effective way of propaganda.

NEWS NOTES FROM NEW YORK CITY.

A delightful surprise to Esperantists here — was the unexpected arrival of S-ro Ernest Archdeacon, President of the French Society for the Propagation of Esperanto. Aside from being an eminent Esperantist, Mr. Archdeacon is a distinguished Frenchman world-renowned as a pioneer of the automobile, but particularly of aviation for which he worked untiringly for twenty years until his efforts and predictions were justified in 1908-09 by the flights of Farman and Wright. In the 1880's he made many flights in free balloons and from then kept in constant contact with the development both of the dirigible balloon and the airplane. He financed Voisin in the building of his first aero-engines and with M. Deutch contributed to the 50,000 franc prize for the first flight of one kilometer in a circle, which was won by Farman in 1908. His experiments with gliders in France were contemporaneous with those of the Wright brothers in America, which he followed closely, and later he was responsible for the flights of the Wright plane in France, as the older Esperantists will remember. As his reward for his contributions to the science of aviation which owes so much to his country, he now wears the ribbon of a Chevalier de la Legion d'Honneur. In 1908 he received a letter in Esperanto and a "Key"

to the language and immediately became a convert to our cause and a powerful worker in our movement. He was greatly interested in the development of the automobile and owned a steam automobile before the development of the gasoline car.

On December 14th was held the Zamenhof Memorial Barcho under the auspices of the New York Esperanto Society, The Esperanto Club „Harmonio” and the Universal Esperanto Fraternity of Jersey City. Mr. J. J. Sussmuth, Sec. of E.A.N.A. presided. Among the speakers were Mr. Ernest Archdeacon, President of the French Society for the Propagation of Esperanto and Mrs. Mary H. Ford, President of “Harmonio”. Mrs. Hetzel accompanied Mr. Hetzel as a delightful surprise. This was the largest meeting of the season. — About 75 were at the dinner and many others came later to hear our distinguished guests and to join in the dance which took place later. Professor E.J. Johns, Ph. D. brought many of his students and several officials, of the Rhodes University Preparatory School. Prof. Johns has a large and enthusiastic class at the Rhodes School.

On Thursday December 19th at 5:45 P. M. there was a private showing of the Esperanto Talking Moving Picture, featuring President Henry W. Hetzel and Mrs. Charles Chomette, at the

studio projecting room of Paramount Famous Lasky Corporation in the Paramount Building. This picture was produced by the Foreign Dept. of Paramount and is being issued as a special news feature to their agencies in fifteen foreign countries from which it will be distributed to all the world. Mr. J. P. Sussman of Paramount, who arranged the showing, was warmly applauded. He was most cordial and showed much interest in our movement. The reel was shown twice and greatly enjoyed. Mrs. Chomette was in the audience at the showing. There was a good attendance of Esperantists including Mr. Archdeacon. Several students from the Pratt School of Business attended and were much interested and impressed at hearing Esperanto from the screen and Esperantists in the flesh. As this film was made by the Foreign Department for foreign consumption only, it is unlikely that it will be shown in America unless there is a demand from various parts of the country, therefore, it is suggested that letters be written to Mr. Albert Deane, Foreign Production Department, Paramount Famous Lasky Corporation Building, New York City, requesting that it be released for American use, or that another film be produced to answer to American requirements. See our special article about this!

At the first International Christmas celebration by radio, in which distinguished persons

from America, Holland, England and Germany participated, Dr. Alfred N. Goldsmith, vice-pres. of the Radio Corporation of America and one of the leading engineers and scientists contributing to the development of radio, speaking from New York said: "One of the outstanding revelations is the need for a Universal language to overcome the polyglot of different tongues as exemplified in this holiday broadcast. After listening to the universal kindness expressed on waves circling the globe it is foolish to go on much longer with this barrier of different tongues. We need not adopt a new speech, but an auxiliary one. Radio is making this more important every day." Five languages were used. Let us hope that soon, one language only, ESPERANTO, will be used in all international broadcasts.

On January 1st the New York Times editorial a "Whole Earth of One Speech" came out very strongly for an international language and closes by saying "The year 1929 has seen remarkable progress toward such a unilingual world." Write to this great, progressive paper and congratulate the editors for their enterprise and thank them for their fair and impartial manner of presenting this important problem to the public.

Thus endeth the year 1929. Thanks to our new Secretary, EANA has taken on new life. Let us help him to make 1930 a glorious year in our history. With our support and encouragement he can.

NIA BIOGRAFIO.

Henry W. Hetzel.

Naskita en Philadelphia antaŭ kvindek jaroj li akiris sian edukon en publikaj lernejoj kaj dum sia junuleco li lernis la metion de maŝinisto. En la jaro 1895 oni trovas lin kiel estro de malgranda privata lernejo, kie komencis lia edukista kariero. Dum la pasintaj dudek-kvar jaroj li instruis en altlernejoj de sia urbo kaj nun havas la postenon de Profesoro de Meĥanika Desegnado en la West Philadelphia High School.

La mondlingva demando jam ektusis lin en 1893 kiam li iom gustumis de la jam falanta Volapuk, sed la pioniro, Profesoro Grillon, trovis lin inter siaj lernantoj dum Oktobro 1906. Nun komencis lia vera Esperantista vivo. En la sama jaro li aliĝis al la nacia asocio kaj estis sekretario de la Pensilvania Esperanto Asocio dum du jaroj. Depost 1908 li instruis klasojn en Esperanto preskaŭ ĉiujare.

Al sia loka klubo li servis kiel prezidanto dum ses jaroj, kaj sep jarojn kiel sekretario. Dum la vizito de D-ro Privat en 1908 li esits Estro de la

Aranĝa Komitato por kursoj, paroladoj ktp.

Li ĉeestis dektri el la dudek naciaj kongresoj, vere unika kaj imitinda rekordo. Pro tio li laboris en multaj komitatoj kaj dufoje estris la Agau Komitaton. Kvarfoje li partoprenis en internaciaj kongresoj: Washington, Krakovo, Parizo kaj Antverpeno, kaj al la Kongreso de Parizo kaj Krokovo la ŝtatestro de Pensilvania, gub. Tener elektis lin kiel oficialan delegiton. Membro kaj delegito de U.E.A. Garantianta de E. A. N. A. depost 1912, membro de la Konstanta Reprezentantaro de 1927, li agis 1927 kiel speciala delegito ĉe la konferenco de W.F. E.A. en Toronto kaj tie iniciatis la rezolucion kiu rekomendis enketon pri Esperanto.

Sed lia plej granda honoro estis farita al li kiam oni ektis lin prezidanton de la Esperanto Asocio de Nord-Americo en 1925, kaj de tiam reelektis lin kvarfoje. Senlaca por Esperanto kiel li estas, li paroladis multfoje ĉe Asocioj de sia profesio, studentoj, preĝejoj, societoj ktp. Liaj artikoloj pri Esperanto estas sennombraj kaj kvankam ne muzikisto li verkis kelkajn kantojn en Esperanto: — — — “La Ponto”, “Forgista Kanto”, “Sonadas Kant’ Gojega”, kaj “Biero Saŭmeganta”.

Kun sia ĉarmega edzino li loĝas en Philadelphia kaj dum la somero restadas en sia kampara bieneto en Arden, Del.

Esperu ni ke la sorto retenos lian melacigeblan kunlaboradon al la progreso de Esperanto kaj E. A. N. A. multajn jardekojn. *J. J. Sussmuth.*

YOUNG PEOPLE'S PAGE.

Director, John H. Fazel, 1122 W. 8th St., Topeka, Kansas.

Our beloved editor, Mr. Susmuth says he is willing to print a Young Peoples paper at a low price to members of our Nacia Klubo if enough persons will subscribe for it. Now, kids, grab a kraĵono and skribu tuj, kaj diru al li, aŭ al mi, jene, - "I will subscribe for the new Y. P. paper, and will try to get others to take it."

Ask your panjo aŭ via paĉjo first of course. Do it today. Tuj!

I know of four girls from 9 to 13 years of age who are studying. Esperanto, two lessons a week, who have secured from me the name of a little Japanese girl who also is studying la belan lingvon, and they are writing her a proposition to trade dolls; if she will send them a Japanan pupon, they will send her an Usonian pupon. Two more, older girls are corresponding regularly with another Japanino. Boy scouts are trading stamps, and scout badges with other scouts in various foreign countries. I just had a letter from a man in Egypt, telling about his wonderful country.

Esperanto is the **KEY TO THE WORLD**. It unlocks the doors.

HERE'S A GOOD GAME.

We call this game "BUZO". A good preparation for playing it successfully is to learn well the 7s of the multiplication table. Then get 5c worth of striped stick candy for prizes. When the Klubo or Rondo of students meet, and are seated, let any one of them start the game by beginning to count, 1, in Esperanto, the next one says "du" the next "tri", next "kvar,

kvin ses, = buzo, ok naŭ, dek, dekunu, dektri, "buzo" That is, every time anyone comes to a 7, or any multiple of 7, he or she says "buzo". If they overlook it, or forget, they are out. The winner gets a stick of candy. Bozo. It's fun and good practice everyway.

Miss Seavey is the Esperanto daughter of Mrs. Kate B. Seavey of Dracut, who learned the Esperanto lingvo in 1908, and taught it to her daughter. That's the kind of a mother to have.

Now the daughter, Miss Ruth has organized an Esperanto Klubo, and has already sent us a dozen names and membership cards.

It is a splendid example for us, Ĉu ne?

THE SCIENTIFIC JAPANESE USES ESPERANTO.

Esperanto has gotten a firm hold of the educated Japanese. Our readers will recall that in October 1926 the "Pan Pacific Scientific Congress" met in Tokio and that the ruling of the Chairman, (himself a Japanese) was that the official language would be English. This provoked a storm of protest from many, including a "round robin" signed by seventeen Japanese professors of the University of Tokio in favor of Esperanto as a "neutral language" of world culture. As a result the Chair had to reverse his ruling.

Now, as a further evidence of the progress of Esperanto in the Orient we may mention as a contribution to the Scientific Papers of the Institute of Physical and Chemical Research" by Dr. Hiroshi Tutiya, a Japanese. It is entitled "Katalizeca Malkombiniĝo de Karbono Unuoksida", a lengthy and highly technical paper. It was recently handed to Mr. H. W. Hetzel for translation by a Philadelphia firm of firebrick manufacturers who felt that it was a scientific contribution of importance to their business.

THE NORTH AMERICAN ESPERANTO ALMANAC.

The year book, which we expect to bring out will be entitled **The North American Esperanto Almanac**. This title is now definitely decided upon. We hope that by bringing out this first volume the same will gradually become a regular yearly institution for the purpose of bringing statistics about the Esperanto movement and such information which is usually asked for, by hundreds and thousands of correspondents who are writing and inquiring for information about Esperanto. This Almanac will contain a complete club directory, (as far as they have been reported to us) a complete Adresaro of the members up to Feb. 1st, 1930, statistics about the Esperanto movement throughout the whole world, a list of books obtainable at the Central Office and much other desirable information. This Almanac should be in the possession of every Esperantist in the United States and Canada, not only as a matter of information but also as a matter of first aid for effective propaganda.

We have chosen the size 4" x 6" which makes it a convenient

pocket size and we believe it will contain somewhat around one hundred pages. It will be printed on good paper and neatly bound in green cover and will thus make it a "Green Book" of the American Esperantistaro. Its price will be fifty cents a copy and we hope that at some future date the by-laws and dues of the Ass'n. will be so amended that the same will be sent free of charge to every member.

We are endeavoring to get sufficient advertisements in this book to pay a good part of the printing, which will lessen the burden of publication. We urge all clubs, which have not done so as yet, to take at least a half page and insert an advertisement — about their club, place of meeting officers, etc. Also individuals who wish to insert a greeting card are welcome to do so. All advertisers will receive a copy free. Subscriptions can be mailed in now and will be filled as soon as the book is ready. Copy closes February 1st, 1930. We plan to have it out before the Easter Number.

OUR BULLETIN BOARD.

Propaganda literature. Don't forget that we still have a quantity of the leaflet, **14 Facts about Esperanto.** Fifty cents for one hundred, one dollar for two hundred and fifty.

We are now adding to our supply, a printed blotter, size $3\frac{1}{2} \times 6$ ", which fits into a regular envelope. This blotter has the picture **Konstruante la Palacon de L'Esperantismo** and will remind the users of Esperanto, everytime they blot their writing. This is a very good and effective way of spreading a reminder of Nia Kara Lingvo and should be inclosed in personal letters to friends or left in the corners of desk blotters in hotels, post-offices, banks and other public places. We shall sell them five for ten cents, fifteen for twenty-five cts. forty for fifty cents and one hundred for one dollar.

Include some of these items when ordering books making payments of some other nature.

Our Easter Number. The next number of Amerika Esperantisto for March — April will be our Easter Number and will come out about the middle of March. It will contain interesting news about the coming Congress and especially our honor roll. **Copy closes February 20th.**

Our coming Congress. The time is drawing near to prepare for the next Congress. We do not know yet where the Congress is going to be held, but the Cen-

tral Office is already making preparations to make this Congress interesting and worth while to attend. If you have read the "Heart to Heart Talk by the Secretary", you will realise that great plans are going to be submitted and very important decisions made. We hope that in the Easter Number we shall be able to go into further details. At any rate, **prepare your purse and vacation for the coming Congress.**

DOMO DE HOMAMO.

Grandioza Homama kaj Esperanto-
Entrepreno.

* * *

Laŭ la iniciato de S-ro O. Deguĉi la Universala Homama Asocio entreprenas la konstruon de *Domo de Homamo*, kiu situos en la centro de Eŭropo. Ĝi kostus proksimume 200.000 pundojn (1,000.000 da dolaroj).

Kiel esprimo de Universala Homamo, la konstruaĵo estos aranĝita kaj administrita nur per Esperanto, kiu estos la sola oficiala lingvo en la "Domo".

La *Domo de Homamo* havos komunan preĝejon, internacian kunvenejon. Esperanto - fakan bibliotekon, muzeon, klubon, loĝiojn por malpli riĉaj vizitantoj ktp.

La *Domo de Homamo* similos, laŭ siaj amplekso kaj majesteco, al la nunaj modernaj palacoj.

Ni estas pretaj oferi grandan parton de la supremenciita, sumo, sed ni ne povas doni la tutan. Tial ni faras alvokon al ĉiunaciaj, sinceraj homoj, riĉuloj kaj malriĉuloj, alporti siajn brikojn por la *Domo de Homamo*. — Ĉies opinioj, proponoj kaj projektoj, kiujn oni komunikos al ni koncerne la formon de la "Domo", la lokon, kie ĝi devus esti konstruita, estos konsiderataj atente.

Petu detalojn de ni! La nomojn de ĉiuj donocintoj ni publikigos en "Oomoto Internacia".

Sendu vian brikon al S-ro K. Niŝimura, 127 Rue de la Pompe, Paris 16e

SHOW CARD LETTERING

Learn at Home

HERE is the very course you need if you want to get a good paying position as a Show Card Letterer or Sign Letterer, or have a business of your own. This course is complete and practical and especially arranged to meet the needs of the student who studies at home. It was written by E. L. Koller, Principal of the School of Art of the International Correspondence Schools, member of the American Federation of Arts, and The National Society of Craftsmen.

Mr. Koller has had twenty years' teaching experience, and his success in helping other men and women is an indication of what he can do for you.

H. L. Wood, a clerk, made more than \$700 "on the side" before he had completed his course and also won \$125 in prizes. Harry William Lord writes that he has more than doubled his salary as a result of studying this I. C. S. course in spare time. William Whitman, a former wagon builder, now has a sign painting business of his own and is earning nearly three times as much as he did before enrolling with the International Correspondence Schools.

There is no doubt that Show Card Lettering and Sign Lettering offer a real opportunity to ambitious men and women. Just mark and mail the coupon and we'll gladly send you a booklet telling all about the I. C. S. course in Show Card Lettering, or any other subject in which you are interested.
