## VORTOJ DE LA PREZIDANTO

PIONIROS FORIRAS - NI AKCEPTU LA TORĈOJN! Antaŭ kelkaj semajnoj amata pioniro forlasis nian usonan Esperanto-movadon. La perdo estis doloriga! Des pli granda feliĉo estis por la membroj de EANA ke ili povis persone interkonatiĝi kun D-ro Tobias Sigel, dum la 29-a nordamerika kongreso. Ili ĉiuj povis vidi kiel fidele ankoraŭ batalis por nia ideo kaj lingvo jam grizhara 74-jara samideano. D-ro Sigel persone konis D-ron Zamenhof. Baldaŭ ne plu estos tiaj feliĉaj samideanoj kiuj ricevis la verdan inspiron persone de la kreito de Esperanto. Formortis jam preskaŭ ĉiuj pioniroj de la unua generacio, kiuj antaŭ 1900 batalis kun la majstro. Formortis jam multaj pioniroj de la dua generacio kiuj batalis post 1900. Restas la batalionoj de la tria generacio, kaj tiuj de la dua kiuj envicigis en juna ago. La dua generacio jam nun, iom post iom, transdonas la torĉon de la verda lumo al la tria generacio. La dua generacio al kiu apartenis D-ro Sigel jam pli bone sukcesis ol la unua; kaj la tria devas nepre pli bone sukcesi ol la dua. Mi do alvokas al la restantaj pioniroj de la dua generacio ke ili restu fidelaj kiel restis fidela dum 30 jaroj, ĝis la lasta vivotago, nia kara D-ro Sigel. Mi pledas al la anoj de la tria generacio ke ili sin preparu por transpreni la torĉojn el la manoj de la formortantaj pioniroj, por ke ili estu indaj, kaj kapablaj, kaj lertaj batalantoj por la plej nobla ideo kaj por la plej kortuŝa lingvo kiu iam venis el la koro de homo! Ili nepre ĉiuj pliprofundigu la scion de la lingvo, historio kaj argumentado, kiel mi jam ofte pledis kaj rekomendis en antaŭaj monatoj. Ili gvidu kursojn, aktive laboru en kluboj por pli-interligi la kunvenojn, kaj partoprenu kongresojn! Nur tiel ili faros honoron al la nobla animo, al la verda koro, kaj al la neniam forgesata nomo de D-ro Tobias Sigel.

Feliĉaj tagoj en Ĉeĥoslovakujo. Mi diris ke Esperanto estas la plej nobla ideo kaj la plej kortuŝa lingvo kiu iam venis el la koro de homo. KREDU al mi, ke tio ne estas nur frazo oratora! Dum mia nuna vojaĝado tra Eŭropo mi povas konstati ĉiutage, kiel Esperanto faras amikojn el fremduloj, kiuj neniam povus paroli unu kun la alia. Ĉu povus ekzisti pli alta idealo en la mondo ol amikeco kaj kompreno inter homoj de ĉiuj nacioj? Okaze mi povas paroli angle, aŭ france, aŭ germane, aŭ itale, aŭ eĉ svisgermane en vagonaroj. Sed tiuj homoj, eĉ post kelkaj horoj, ne povas esti al mi tion simpatiaj kiom povas esti samideanoj kaj samideaninoj jam post kelkminuta babilado. Estas la idealo de Zamenhof kiu inspiras la gesamideanojn al pli tuja, kaj pli profunda amikeco. Spite de la nunaj internaciaj organizaj disputoj, la verda idealo vivas en la koro de centmiloj de unuopaj Zamenhofanoj! En la nuna momento mi finas mian parolad-vojaĝadon tra la bela Ĉeĥoslovakujo. En ĉiu urbo estas gesamideanoj kiuj rakontis al mi pri la antikva kulturo kaj historio de la plej juna eŭropa respubliko, kiu rezistis al ĉiuj ekstremoj de nuntempaj politikoj. Per justeco kaj saĝeco grandaj homoj kiel Masaryk kaj Benes gvidis la novan landon tra multaj malfacilaĵoj. Pli kaj pli Ĉeĥoslovakujo fariĝis turista lando. Jam multege la registaro subtenis la Esperanto-movadon, kaj eldonis belegajn gvidlibretojn en la Esperanto Lingvo. Ankoraŭ ne sufiĉe da usonanoj iras tien, sed ili trovas mirindan fervojan sistemon. Rektaj vagonaroj zigzagas tra la tuta lando, kaj la vidindaĵoj diversaj--jen pajzaĝaj, jen artaj kaj historiaj--estas multaj kaj tre allogaj. Post Ĉeĥoslovakujomi prelegos en Aŭstrujo kaj Svislando kaj en Marto jam denove en Nederlando. Sed mia patrino kaj mi senpacience atendas la tagon kiam ni revidos Usonon.

Joseph R. Scherer.

DENTISTO KAJ VERKISTO. A recent number of the "Journal of the American Dental Ass'n" contains a very interesting article entitled: "SOME FAMOUS and LESS FAMOUS DENTAL TRUANTS" - dentists who have distinguished themselves in spheres outside of their profession. In that article there is a short but very good paragraph about Dr. Lehman Wendell (of Minneapolis) and Esperanto. Dr. Wendell is a valued member of EANA whose original writings in Esperanto, both serious and entertaining, have given pleasure and instruction to a wide circle of readers. (Look for "Sep Ridoj" and Sub la Meznokta Suno" in our book list).

OUR JUBILEE CONTEST. LAST REMINDER. Please look back at your February issue of A E for full details of the contest on which nineteen good Esperanto books will be distributed. This just reminds you that your articles must be received at the Washington office, 1517 H St., N.W., not later than March 21.

Select your topic, about Esperanto or about the movement, write (in Esperanto) your best thoughts on the subject, in 500 to 1000 words, and send it in. Well written Esperanto will count, but your thoughts will count even more. If your age is less than 30 or less than 20, it is to your advantage to mention this, since your article will be considered in more than one of the contests -- the general contest, and those for limited age groups.

# EANA CALENDAR--"A THOUGHT FOR A MONTH."

(March.) "I see it's only four months until Esperantists from many states will be getting together in Washington for the JUBILEA KONGRESO. How I envy them their good time! -- By the way, I wonder if I couldn't somehow manage to go, too?"

(April.) "Only three more months! Do you know? -- I've really made up my mind to be at that JUBILEA KONGRESO. Will have to pinch a little to get the money in hand, but I believe I'll be able to make it."

(May.) "I couldn't think now of missing the JUBILEA KONGRESO. I've bought my congress ticket already. And I've written to the Hotel Hamilton for one of those air-cooled rooms."

(June.) "I can hardly wait! My expense ran a little heavier last month than I expected. But I can't let that make any difference. The JUBILEA KONGRESO needs me, and I need it."

(July.) "I'm here! And glad? What a question!"

 "LA AVENTUROJ de MARTENO DRAKE", a recent noteworthy addition to the "POPULARA ESPERANTO-BIBLIOTEKO", 206 pages, Green Cloth binding, Price 3 1/2 Sh.-A translation by W. Severn from the English, of G. Norway's very interesting story of 18th century episodes beginning in the Devon country of England and spreading through England and America. Easy reading, intriguing - "kiu preskaŭ frostigis lian sangon". Interest grows with each page so that you cannot stop reading until the end. NOTU. Se vi deziras plibonigi vian paroladon, legu la vortojn el unu el la paroladoj de D-ro Zamenhoj: "Estas vero, ke multaj el ni posedas nian lingvon ankoraŭ tre malbone kaj malfacile balbutas, anstataŭ paroli flue; sed, komparante ilian balbutadon kun la perfekte flua parolado de aliaj personoj, ĉiu konscienca observanto facile rimarkos, ke la kaŭzo de la balbutado kuŝas ne en la lingvo, sed nur en la nesufiĉa ekzerciteco de la diritaj personoj."

COLLECTORS - of INFORMATION, POSTAGE STAMPS, etc., can find many announcements of other collectors asking for correspondents, in all lands, in the monthly-all-Esperanto-paper "La Praktiko".. \$1.50 per year, 75¢ 6 months, and the "Heroldo de Esperanto", weekly-all-Esperanto-paper- \$3.70 year, \$1.85 - 6 months. NOT MIND READERS. We are frequently asked for the name of an Esperanto club, or an officer of it, but cannot answer because of the shyness of so many clubs or group leaders. We know that several think we are mind readers, because they notified us that they had organized clubs, or classes, and had elected officers--that's all--no details. After the next issue of "AE" they write "Our members, especially the officers, were very much disappointed when they didn't see their names in the last "AE"--and WHY?" Secretaries, groups, or class leaders will be conferring a favor on the Central Office by sending name of your outfit, and its officers,--if space does not permit the club roster. Akceptu sincerajn dankojn.

UNITED STATES CAPITOL. The Subject of Esperanto became part of the Official Journal (minutes) of the Little Congress of the U. S. A. when Mr. E. G. Dodge, President of Washington Esperanto Society and chairman of the Executive Comm. of the Esperanto Association of North America addressed the assembly relative to the Esperanto movement. He was introduced by Mr. M. M. Villereal, (of Phillipine Islands) a member of the Little Congress-whose members are secretaries on the Staffs of U.S. Senators, Representatives and Territorial Commissions. Meetings are held every Tuesday evening, during sessions of Congress, in the House Office Building.

E A T (suggestive, eh?). When that stalwart support of the Esperanto movement - Rev. John H. Fazel, Topeka, Kansas, takes a vacation we always expect to hear of renewed activity in Esperanto circles of the place honored by his selection. So, we were not so much surprised to get word from San Antonio, Texas that he had drafted the local fervorulo - William Plampin - and together they are making strong efforts to organize the Texans in an Esperanto Association of Texas. Their "CALL" has gone out to about 25 of the most active Texas Esperantists. One of the features of the "CALL" is: "Establishment of a state headquarters at some chosen city, like San Antonio, or Austin, or make it a contest in favor of city showing most active members." (consider "most" both ways). With two such workers, there is little doubt of RESULTS. (Mr. Fazel's address is 511 West Woodlawn, San Antonio, until further notice).

\*\*\*\*\*  
 PACO KAJ FRATECO is the name of a very active group of Esperantists in Jerusalem Palestine, which held a successful celebration of Zamenhof Birthday, getting much favorable comment.

The growth of classes in the Metropolitan District is a good indication of the progress of the LATIN OF DEMOCRACY during the past year. With this growth in demand for classes, comes a need for qualified teachers. Volunteers please so indicate to the president of the respective club, or to Louis Dormont.

This year, 1937, is the 50th anniversary of the birth of the International Auxiliary Language. Let's make it a banner year.

"Nur rekte, kurage kaj ne flankeniĝante

Ni iru la vojon celitan!

Eĉ guto malgranda, konstante frapante,

Traboras la mondon granitan."

\*\*\*\*\*  
 OUR BUSIEST ESPERANTIST. In addition to the several classes taught by Mr. Louis Dormont, noted in the above list, he is teaching a class composed entirely of school teachers. He also has a very interesting article - nearly two pages - on the school system, and population statistics of New York City, in the "Internacia Pedagogia Revuo" (official organ of the World Association of Esperanto Teachers).

LITTLE ROCK, ARK., "Gazette" of Feb. 4th has a splendid letter from Capt. F. A. Post replying to many inquiries as to (1) "What is Esperanto?" (2) "Whether English cannot serve as well as Esperanto?" (3) "What good will Esperanto do for English speaking people?" No one could answer these questions more clearly or briefly-and not leave out any essentials- than our fervorulo Post.

A WELCOME VISITOR. Mr. Elmer Potter, Language teacher in Washington High School, Danville, Va., called at Central Office recently. Young men of his type, we like to meet often. Oh yes, he has an 'up-and-coming' Esperanto class.

FRIENDS OF ESPERANTO lists are still coming in - hope to make real Esperantists of many of them in the near future. Large sized THANKS are due the list senders.

IN HOLLAND the Esperanto Federation of Labor has over 6000 members.

THE CHINESE ESPERANTISTS have 5 newspapers, 50 clubs and over 30,000 students.

FRANCE AND DENMARK. The Ministers of Instruction of both these countries have granted permission to teach Esperanto in all Technical and Trade Schools.

GERMAN ESPERANTISTS and their friends all over the world are rejoicing over the withdrawal of the 'verboden' edict from Esperanto, the use of which is again permitted. This success is due to the efforts put forth by the Komercista Esperanto Unio, to whom all Esperantists give heartfelt thanks.

ESPERANTO ON THE AIR. Esperantists, and friends, listened with much interest to a broadcast from station WJZ in New York, on the evening of Feb. 4th, when May Singhi Breen and Peter de Rose, the "Sweethearts of the Air", sang "When Your Hair Has Turned to Silver" in Esperanto. Here 'tis:

"Kiam arĝentigos haroj Kiel nun vin amos mi, Mi vin nomos Dolĉulino, Via nomo restos ĝi.	Tra la roz' ĝarden ni vagos Lum subiro de la sun'; Kiam haroj arĝentigos Mi vin amos kiel nun."
---	--

We hope all our folks wrote in to the station. Tuner-inner reaction will in a large measure determine the radio future of the language. If you do not tell the artist of the station, they are free to guess that you are not interested.

ESPERANTO FILMS. During the celebration of Princess Juliana's wedding recently in Holland, by special request of the school authorities of the Burg of Texel (Texel Island), films were shown, in and about Esperanto. The films were furnished by Samideano G. Joh. Duinker, editor of the local newspaper "Texelsche Courant". On the same date, in Texel, was unveiled a new monument to Esperanto.

THE INTERNATIONAL CONFERENCE "Esperanto in Modern Life", will be held in Paris, May 14-17 1937. All matters will be conducted by experts in the various subjects: "Usefulness of Esperanto instruction in the schools"; "Practical arrangement of Instruction"; "Questionnaires on 1st and 2nd grade, Blind and Deaf mute Instruction. Also on matters relative to all Technical Trades and the Sciences, in connection with Esperanto. A list of the various subjects appeared in the February "AE".

KONGRESO LIBRO of the 29th EANA Congress, is a souviner that every Esperantist should have - and having it you will be very proud of it. It not only is a fine example of the printer's art, but is full of very interesting reading and pictures. (Many are presenting this book to their Clubs and to City Libraries). Price .... 25¢

"LA REGNO de l'VERO!" though a book of fables -- grown-ups enjoy it immensely. It is a translation from the Russian by Mr. Albert M. Koliner (Detroit), well-known writer and publisher, with foreword by the late Dr. Tobias Sigel. Price .... 20¢.

EANA SCIENTISTS. In the last issue of "Scienca Gazeto" - where scientists only are permitted - we find quite pretentious articles by learned members of EANA - four of them: L. A. Ware, Bozeman, Utah; Arthur C. Ballard, Auburn, Wash.; E. B. Billings Jr., Elmira, N. Y. and our own E. G. Dodge, Washington, D. C.

"GAZETO DE AMERIKO" is a new venture in the Esperanto newspaper world. It is published in Rio de Janiero, Brazil. Well printed on good paper. The promoters, and complete staff are women, and the main purpose is to have the women of America take more interest - and get more attention - in the Esperanto movement. The first issue carries pictures of the following celebrities: President of Brazil, Getulio Vargas; President of Argentina, Agustin Justo; President of United States, Franklin D. Roosevelt; Sec'y of State, Cordell Hull, U. S. A. Macedo Soares, Minister for Foreign Affairs, Brazil; Saavedra Lamas, Minister for Foreign Affairs, Argentina (1936 winner of the Nobel Peace Prize); Dr. Maria Luiza Bittencourt, Brazil, Dr. Marques Dos Reis, Traffic Minister of Brazil and a picture of the opening meeting of the IX Brazilian Esperanto Congress (Nov. '36). All above named people were participants in the recent Peace Conference in Buenos Aires. We would like to give the 'celoj' of the Gazeto, but it would require more space than is available. Address all communications to F-ino Maria Ieda de Morias, Av. Marechal Floriano, 212, Rio de Janiero, Brazil. With best wishes, we welcome you into the Journalistic field.

U D E V. The Esperanto women of France are also making a strong bid for more recognition. Their organization is the "Unuiĝo de Esperantistaj Virinoj".

JAPANA ESPERANTISTA SCIENCISTA ASOCIO is the name of a society with nearly 500 members - each member a scientist and an Esperantist. Home office, Oosaka.

From the LEAGUE of NATIONS Report on E S P E R A N T O :  
"We find that Esperanto is entirely adequate for practical use as an international language for all the purposes in speech and writing for which a language is required; and that, moreover, it possesses remarkable qualities which establish its value as an educational instrument."

"AN AUXILIARY, or SECOND LANGUAGE can never be a 'LIVING' language unless it can be admitted over the electric wires which now tie the world together-and that will never happen". So said a 'wiseacre' a few years ago. And now-ESPERANTO has not only been admitted as a "CLEAR" language, on Radio, Telephone and Telegraph (NOT as a CODE), with all the rights and privileges of National Languages, but many governments are using it officially-in Postal, Telegraph, Railway and Tourist Service. ESPERANTO is the only auxiliary language recognized as practical by Governments, Scientists, Industrialists and Educationalists. THERE'S A REASON.

INTERNATIONAL LANGUAGE POPULAR SAY PARIS EXPOSITION OFFICIALS

ESPERANTO, LONG-DESPISED INTERMATIONAL LANGUAGE, HAS TAKEN SECOND PLACE AMONG THE FOREIGN LANGUAGES USED IN THE CORRESPONDENCE OF THE EXECUTIVE COMMITTEE OF THE PARIS EXPOSITION OF 1937.

THE COMMITTEE ON FAIRS IN PARIS HAS CARRIED ON ITS CORRESPONDENCE AND INFORMATION SERVICES IN ESPERANTO FOR A NUMBER OF YEARS. THIS YEAR, WITH THOUSANDS OF LETTERS ABOUT THE FAIR COMING IN FROM 27 DIFFERENT COUNTRIES, ENGLISH HAS BEEN FIRST AND ESPERANTO, SECOND.

Just received from Svisa Turisma Centrela, Zurich, a 16 page booklet, entitled "Svislando en la Negro," containing many pictures of people playing in the snowy mountains, map and tables about the principal places, hotels, etc.,-- Surely! in Esperanto, that is the feature which interests us.

\*\*\*\*\*  
H. M. Damme, Gen. Dir. of the Postoffice, Telegraph and Telephone service of Holland, in a recent radio talk about the practical value of Esperanto for Post, Telegraph and Telephone service, expressed the opinion that the best possible solution to get away from the language chaos, would be, if all people could use, besides their own, the auxiliary language, Esperanto. He said that the Administration of the P T-T advised the study of Esperanto by the officials and clerks in the service, and had affixed shields with the wording "ONI PAROLAS ESPERANTON" near the ticket windows of the Post offices. He also advised all to wear the Green Star -- the introduction to all, knowing Esperanto.

"ESPERANTO-GAZETSERVO" (Hugh Shatford, Dir.) again scores. WORLD ESPERANTO JUBLIEE CONGRESS, will be held in Warsaw, Poland, the birthplace of ESPERANTO and its producer Dr. L. L. Zamenhof. Though the annual congresses, heretofore have been under auspices of UEA, the fact that UEA has been succeeded by IEL, since original naming of Warsaw as the Jubilee city, and no definite arrangements had been made between the two as to final jurisdiction, the Polish Esperantists, regardless of affiliation, will hold the Congress NEUTRALLY - all Esperantists are welcome -- and expected to be present. Though we have had inklings of some of our members attending, we do not have a list. The Congress will be held August 7-14.
