

Mi deziras al vi ĉiuj plej ĝojan Kristnaskon kaj feliĉan 1938!

(150 IEL - Delegitoj en Usono)

Esperanto estas lingvo por internacia uzo. Per Esperanto povas paroli kaj korespondi eĉ la plej simplaj homoj - ne nur feliĉuloj kiuj povis iri al universitatoj.

Sed por plej internacie uzi kaj progresigi Esperanton, ni nepre bezonas internacian ligon. Kaj internacia ligo povas vivi nur se ĝi havas membrojn - multajn kaj fidelajn. La Internacia Esperanto-Ligo montris en 1937 ke ĝi estas la plej sukcesa organizo internacia de la Esperanto-movado. IEL havas pli da landaj Esperanto-asocioj ol estis iam antaŭe kunigitaj en la historio. Pliaj informoj pri IEL troviĝas sur alia paĝo.

Ĉiu membro de EANA estas aŭtomate "simpla" membro de IEL. EANA sendas al IEL 12¢ por ĉiu simpla membro. Do restas al EANA nur 38¢ por administrado. (La alia dolaro estas tute uzata por "Amerika Esperantisto" nia monata organo.)

Vidu karaj gesamideanoj en Norda Ameriko! IEL kaj EANA ne povas fari grandiozajn aferojn per 1/8 kaj 1/3 dolaro respektive!

Hodiaŭ en la komenco de 1938 mi urĝe invitas ĉiujn gesamideanojn de Norda Ameriko fariĝi aktivaj membroj de IEL pagante nur unu dolaron pli! Kiel aktiva membro vi ricevas tre utilan jarlibron de IEL kun listo de delegitoj en proks. 60 landoj, kaj multaj valoraj kaj tre interesaj informoj. Vi bezonas la jarlibron de IEL por propagandi inter viaj geamikoj kaj gekonatoj. Kaj IEL bezonas vin kaj vian tutan dolaron (anataŭ 1/8 \$).

Kaj EANA ankaŭ bezonas la tutan kotizon de 50¢. Se vi pagas entute \$2.50 EANA ne bezonas sendi la 12¢ al Londono. (Jen la divido: (\$1.00 por "Amerika Esperantisto"; \$1.00 por IEL aktiva membreco kun jarlibro; \$-.50 por EANA).

Mi forte rekomendas al vi ankaŭ aboni la monatan gazeton "Esperanto Internacia" (\$1.50 ekstra) aŭ se "IEL" eble la semajnan eldonon "Heroldo de Esperanto" (\$4.00 ekstra)....ĉar ambaŭ estas oficialaj.

Ni bezonas pli da delegitoj de IEL en Usono! Estas Esperantistoj en 150 urboj de Usono. Cu en VIA urbo estas delegito?? Se ne, tuj skribu al la ĉef-delegito S-ro D.E. Parrish, 328 W.46 St.Los Angeles. Ni bezonas 150 IEL-delegitojn en Usono! Nepre skribu tuj, ĉar la 1938-jarlibro aperos tre frue en 1938. Komencu la jaron 1938 per tuja kaj rapida sendo de via IEL-kotizo al Washingtono.

Via Prezidanto: *Joseph R. Scherer.*

THE YOUTH DEPT., should be of paramount interest to all members of any organization-as well as to every community. They are the POTENTIAL LEADERS, and workers of the near future, and should be given every opportunity to get acquainted with the problems of life-and how to meet them.

Mr. George A. Connor, 30 Perry St., New York, is chairman of the Youth Dept. of the EANA (Miss Philippa Stoneham, 405 So. Houston St., Bryan, Texas, and Mr. Thomas Goldman, Winthrop G-32, Cambridge, Mass., are associate members of the Committee.) Mr Connor is splendidly qualified for the position-a teacher of several years experience-and always a personal friend to each student-widely traveled, having conducted several Caravans to European countries during vacations-last summer he took about 40 people through various European lands, and to the Universal Congress in Warsaw. Serious illness has prevented him until recently from active participation in his work, but now feels that he is ready for "full steam ahead", in advancing the interests of Nia Afero-especially with the young folks. He is teaching a class of 42 Boy Scouts, showing moving pictures of foreign tours (with Esperanto groups), and has acted as interpreter for Miss Lidia Zamenhof on several occasions when she addressed meetings in and around New York. He welcomes any suggestions along his particular line. Miss Stoneham is teaching a class of 25 Girl and Boy Scouts, and Mr Goldman is teaching a class of 15 Harvard students-they are also 'listening -in' for your suggestions.

THE SUPPLEMENTARY sheets "THE YOUNG ESPERANTIST OF NORTH AMERICA", edited by Fervorulo CONRAD FISHER, Meadville, Penn'a., we feel quite confident will be a welcome addition to Esperanto readers-one that should have the cooperation of all--send 25¢ for a year subscription for some Girl or Boy of your acquaintance-also any suggestions that might be helpful. Address all orders to Sinjoro Fisher.

'EPOKO' Libro-Klubo

Celo: La EPOKO Libro-Klubo celas navigi al siaj membroj bonajn Esperantajn librojn je malalta prezo. Ciu scias, ke ju pli da libroj oni presas, des pli malalta estas la prezo. Ĉar oni ne povas esti certa, ke oni vendos multajn librojn, la kutima eldon-nombro de Esperantaj libroj estas malalta, kaj pro tio, la prezoj sufiĉe altaj. La aliĝo de multaj klubanoj indikos al ni kiom da libroj ni presigu, kaj tiel ebligos la tre malaltan prezon.

Kion membro ricevos: Ĉiu membro ricevos libron, proksimume 200-paĝan, 18x11.5 c.m., bone presitan kaj broŝuritan, je la malalta prezo de unu ŝilingo, plus afranko. La prezo de tiuj libroj al la ĝenerala publiko estos du ŝilingoj, plus afranko.

Kiel aliĝi al la klubo: Ne estas kotizo; sed nur enskribitaj membroj povos ricevi la librojn je la favora prezo. Por aliĝi al la klubo, vi bezonas nur plenigi la ĉi-kunan aliĝilon, kaj sendi ĝin al via kutima Esperantista librovendejo. La libroj aperos po unu ĉiun duan monaton. Ĉiu membro konsentas akcepti la librojn dum minimume ses monatoj (tio estas, tri librojn). La unua aperos en Oktobro, 1937. Tuj post apero, ili estos sendataj al la elektita libro-vendisto, kiu peros ilin al siaj membroj, kaj al kiu la membroj devos pagi.

- La unuaj libroj kredeble estos:**
- 1. Murdo en la Orienta Ekspreso Agatha Christie.
 - 2. La Princo kaj Betty P. G. Wodehouse.
 - 3. La Tempo-Maŝino H. G. Wells.

GRAVA ALVOKO.!

***** the steamship lines now offer me exceptional accomodations
* and services for an Esperantist Group Karavano to London
* this coming summer. It is possible to 'do' the London Cong-
* ress and include several other countries at a cost very much
* below last year's Karavano. However in order to achieve
* these advantages it is necessary to organize tentatively as
* soon as possible.

Therefore I ask every Esperantist who has the slightest no-
tion of attending the London Congress to write me at once; it will enable
us to estimate the size of group to secure accomodations, and provide a le-
ver to secure most favorable group rates for all travelers enroute to Cong-
ress. This obligates you in no way, but in exchange for your statement of
intentions, you will be kept fully informed about developments of our
"Karavano tra Esperantujo al Londono!"

Send us your views, and "vote" for one of the following pro-
positions. Do this at the earliest moment. Karavan details will be sent as
soon as possible after "votes" are in.

Proposal #1. Sailing from New York on Cunard modern medium
size boat, full program Esperanto activities enroute, landing in Irish Free
State, visits with Irish Esperantists throughout Ireland, with interesting
itinerary to North Ireland (Ulster), and across the channel to Scotland,
Glasgow, the Lochs and Trossachs, Highlands, Edinburgh, Esperanto meetings
everywhere, bus to Newcastle-on-Tyne where we join in 'Before-Congress Con-
vention with British and Scandinavian Esperantists, then to London, July 30.

Proposal #2. Sailing from New York on GDYNIA-AMERICA "Batory"
Esperanto activities enroute, land at Copenhagen, Espo-meetings, sightseeing,
thence to Oslo, Norway, mountains and fjords, to Bergen, join Scandinavian
Karavano to 'Before Congress Convention at Newcastle, by North Sea boat,
meeting in Newcastle, then on to London, July 30.

Proposal #3. Sail with the Esperanto Karavano on Liner, but
go direct to London as individual. (For those who cannot afford the somewhat
greater cost of travel through interesting countries enroute to London)

The plans after the Congress are entirely optional, with a
strong possibility that a group will prefer the following suggestions:
London to Esperanto Domo in the Netherlands, a week there, then through
Belgium to Paris, Exposition, Esperanto meetings, etc., taking boat at
Cherbourg for New York about September 1st. (Queen Mary possible selection
on return, or Gdynia-American Liner)

SEND YOUR LETTER OR CARD AT ONCE IF YOU HAVE THE SLIGHTEST
INTENTION or POSSIBILITY OF GOING.

Write, George A. Connor, Turisma Delegito de IEL

PARLEY PARKER CHRISTENSEN, Los Angeles, was a recent visitor to the Central
Office. It is always a delight to have our fervoruloj from other sections of
the world call at our little corner. Judging from newspaper reports, it is
our opinion that S-ro Christensen is as well known in Europe as at home.

TO PRONOUNCE OR TO MISPRONOUNCE?

I.

Those Americans who are intelligently discriminating in the pronunciation of our own English acquire a correct Esperanto pronunciation almost without effort. But those of us who speak our English by mere habit, seldom thinking of the separate sounds out of which English is made, often may slip into several pitfalls, even with so completely regular and simple a tongue as Esperanto. In a series of little articles, one per month, we plan to take up several of the inaccuracies which most often trouble the beginners and which have to be corrected by the patient teacher.

For example, ĵ and ĝ are perfectly distinct sounds. But those students who have been drilled in French sometimes pronounce both ĵ and ĝ the way only ĵ should be pronounced. And students who don't know French sometimes do the opposite, pronouncing both letters like the dg in "budget." The words "aĵo" and "aĝo" are as distinct in sound as in sense.

One way to describe the difference is to remember that ĵ is the "zh" sound in the name for a Russian peasant, "mouzhik;" that is, it is a buzzing sound, (a "soft hiss, mixed with voice,") and so it can be lengthened as much as one may wish, (just the same as the voice may linger on the sounds of y, or z, or s, or th.) But the ĝ is an explosive sound, (beginning from a position of the tongue which shuts off the breath as completely as though it were a "d,") and so it is impossible to lengthen it or dwell upon it, any more than on the other stopped sounds, such as d, b, or p.

The difference between ĵ and ĝ (both of which have voice in them) is the exact counterpart of the difference between the corresponding voiceless letters, ĥ and ĉ, or that between the sh in "mush" and the ch in "much."

Below in double column are a few English pairs, with the "ĵ" sound illustrated at the left, and the "ĝ" sound at the right.

AMERICAN ASSOCIATION FOR INTERNATIONAL SCIENCE.

Through the spirited initiative of Prof. L.A. Ware (formerly of Montana, now of Iowa) a new "faka organizo" has been launched under the above title, to act as American collaborator with "Internacia Sciencia Asocio Esperantista." The I.S.A.E. until recently has received too little attention in Usono; but through the active labors of its new American delegito, Professor Ware, a list of 27 American names is now published, and the number is growing from week to week. Most of these have also qualified as active members of our own A.A.I.S.

Active membership in A.A.I.S. at \$3.00 includes subscription to one magazine, according to the member's choice, -- either Sciencia Gazeto, the popular-science all-Esperanto bimonthly edited by Sano Karl Froding at Rockford, Ill., or the "Bulteno de I.S.A.E." published at Paris. The remainder of each active membership fee will be devoted to the worthy cause of forwarding the movement for a wider use of Esperanto as an aid in the field of science.

A.A.I.S. has also undertaken to establish a circulating library of both technical and popular-science books in Esperanto -- available for the use of members who will personally contribute \$1.50 worth of such books for building up the library. Eighteen volumes already -- a modest but encouraging beginning upon which others may be expected to build.

The President of A.A.I.S. is Professor Archie J. Bahm, of Texas Technological College, Lubbock, Tex., and the General Secretary is Professor L.A. Ware, of 400 N. Clinton St., Iowa City, Iowa.

Sincere congratulations to this new and promising undertaking in the Esperanto field, and to its enterprising leaders!
